

## Gundog Group

The first two in all my classes were as follows:

### Cocker Spaniel

P(2,1)

1st: Miller's Eddeswarren Moonlight

7m b.; lovely head & eye; gd front; well ribbed; compact; needs no more condition & just needs to firm in hind action that maturity and/or roadwork should readily address.

BPIB: Small's Albertean Yuzana; rising 11m b said to have been entered in error in PG where placed Reserve.

PG(5,1)

1st: Ray&Challands' Annilann Miss Merry Berry

quality 15m b of an ex type; cleanly chiselled in head with gd skull; well developed, angulated & balanced in body; ex structure; compact; muscular rear enabled drive off a firm hock; one to be reckoned with as she enters into adulthood.

2nd: Dean's Sandlauga Sherbert Pip

17m; so v feminine in her clean, expressive head yet loses nothing in her strongly compact form; well angulated; rounded rear & pushed forward, making use of her short hock; v promising.

O(6,2)

1st: McCabe-Bells' Grandtully Eliza Doolittle

4yrs blk b I was pleased to "find" 100s of miles away as a Group winning puppy in Scotland; remains in great form today; truly lovely, clean head with "midway" distinct stop & those lobular ears set low at eye level; so well bodied, structured & compact; silky coated with well presented furnishings; so true, right through, in action with typical merriment; deserves a title. BOB & G2

2nd: Green & Brain's Cachel Pop The Question To Meloneras JW

3yrs roan b of ex breed type, quality & merry nature so well able to state her case & was handled to complement her so well; attractive head with enviable ear leathers & eye; strong, compact & well angulated in build; flat silky coat; just came on a tad wide. RBOB.

ESS:

PG(1,0)

1st: Kibby's Trimere Taylor Maid At Pinhays

11m l/w b; "goosebumps" moment as she came in with those classic, racy, bodylines & symmetry; cleanly balanced head with fluting; almond eye & lobular ear all in line; currently all neck & angles; clean front with breed specific "swing"; truly exciting prospect BOB,BPIB,PG1.

O(1,0)

1st: Kibby's Trimere Turn Back Time

11m tri litter sister of comparable quality so as to reflect utmost credit on their breeder; all essentials in place & v secure in structure that I don't need to repeat; moved accordingly with swing in front & drive behind; on the day went for the extra raciness & elegance of her sister but what a position to be in to be able to watch these two grow up together & see how they "chop 'n change".

RBOB

15m b; v ttypy; giving age away so as to appear a touch long & to fill in front; attractive head; gd neck & angles; drove off a short hock.

OD(1,0)

1st: Attwood's Ir Sh Ch Kylowen Drym Sh CM

7yrs d; such a handsome head with defined stop; muscular & deep with ex thighs; silky coat; just a touch heavy in condition that caused him to come on rather wide.

OB(4,1)

1st: Morlidge's Kurzeja Kalina

rising 3yrs b; full of breed type with symmetrical bodylines; such a lovely eye aided by chiselling; clean front; gd in rib & brisket; gd neck & backline; appeared entirely fit for purpose being so actively smooth & purposeful on the move. BOB

2nd: Attwood's Kylowen Demelza

7yrs litter sister of OD; quality headpiece scoring in eye & ear; symmetrical structure; came on a bit out at elbow but could have watched her textbook, functional circuiting all day as she pushed off her well let down hocks to cover the ground at a maintained speed. RBOB

P(4,2)

1st: Fitz-Hugh & Jackson's Llanstinian Dusty Rhodes

8m blk d; v playful pup but that's allowed & especially when of such a gd type; clean cut in broad head with defined stop; strongly built & nicely coupled up; clean neck; depth through; balanced angles; gd bone & feet; short, dense coat; v promising. BPIB

2nd: Hill's Kentwone Stargazer's Echo

9m d at the red end of the yellow coat colour range; plainer headed & lighter boned; needs to settle into this showing "lark," in order to more readily assess him, but time is on his side in that respect.

just turned 2yrs b; super head that was long & moulded with slight stop; gd in eye & ear; quality bodylines displaying raciness w/o weediness & having depth; balanced angles; fine flat coat with furnishings; tail quite "gay" enough; rather proud @elbow, coming on but firm rear action with a free flowing gait as she circuited RBOB

O(3,1)

1st: Trotter's Lussac Winter Wizard JW

3yrs d of outstanding breed type & structure w/o a hint of coarseness; nicely moulded head with flat skull, slight stop & functional open nostrils; raciness in his well angulated bodylines so that your hands flow over him; well bodied with correct depth; well ribbed back with short loin; turned out in

such gd coat & condition; handled unobtrusively to match his balanced, flowing gaiting & so soundly true on the out & back with stylish neck & tail carriage. BOB; G1.

2nd: Lewis' Draketor Sea Gypsy Among Fairwinds

7.5yrs b; such a gorgeously feminine head of length & moulding; expressive eye; but way too much "lumber" now that shortened her up from neck & beyond so as to adversely affect her overall performance.

P(3,1)

1st: K Constantine Bay

10m Bull Terrier d as critiqued by the breed judge & that I made my PG4 acknowledging his type, structure & positive, sound carriage.

2nd: Taylor's Scottish Terrier Apollo SB Scottie's Vegas Of Pamaswater

smartly typical d just a week short of 12m; gd headed & with an ex jacket; sympathised with his handler as he tried, unsuccessfully, to bring him in hand on the move on a surface that was unforgiving.

7.5yrs dam of the BOB; essence of breed type & quality; lovely head with keen eye & enviable ears; so well bodied with depth; short & level; absolutely sound; ex jacket so well presented; privilege to have this opportunity to go over her.

2nd : K Prima Diva For L
